## From the Desk of the Chapter Chairman...

Hello Birmingham Chapter!

Birmingham AFS offers many fine events and activities and Monday the 10th was no exception! The seminar on induction melting, refractories, and alloy recovery was outstanding! I would like to thank our speakers Ken Copi of Elkem Materials, Inc., Stephen Lee of Capital Refractories, and Bill Bush of Porter Warner. A special thanks also to Jerry Holcombe of Reno Refractories, and Todd Lyles of Specialty Foundry Products for taking part in an excellent panel discussion. Thank every one of you who were able to attend. We had over 35 in attendance for the seminar and 79 for dinner.

Matt Liptak of Elkem Materials, Inc., gave a great presentation on ferrosilicon alloys. It was very interesting to learn how and where FeSi comes from and the costs associated with it.

Please plan to join us for our next meeting April 14th for “Student Night”. I look forward to this year’s student casting competition! Be sure to register before April 10, 2014. It is important to come out and support our student chapters.

The Regional is nearly here! Make plans now to attend the 81st AFS Southeastern Regional Conference. This year’s Regional, entitled Pathway To Progress: Casting The Future, will be held April 23rd through the 25th, 2014 at The Chattanooga Hotel in historic Chattanooga, TN. Please visit [www.afs-tn.org](http://www.afs-tn.org) for more information.

I hope to see you all back at the Wynfrey!

Thank you!

*Donnie Hoffman*

# In the News

- Callie Olsak (daughter of Jarek Olsak, past chairman) and her team made complex tin castings for heat sinks to generate electricity in their science project. They won second place at the Regional science fair and are headed to State competition. They plan to remake the castings in aluminum with the help of UAB engineering students. One of the guys on the team is the grandson of Teddy Gilmer, formerly of ACIPCO.

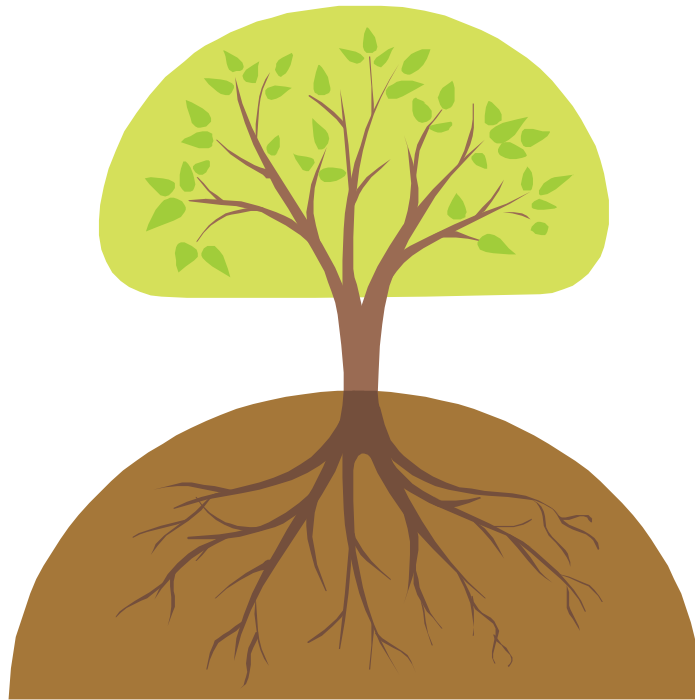

- Congratulations to Grede - Bessemer and Grede - Selma for receiving the 2013 AFS Metalcasting Safe Year Award.
- The 118th Metalcasting Congress will begin on April 8, 2014.
- The AFS Southeast Regional Conference will be held in Chattanooga, TN on April 23, 2014.
